ALLEGED CHECK-WORKER AND AUTO THIEF ARRESTED

Paris authorities were notified Saturday of the arrest in Louisville, of R. H. Baker, a former resident of Paris, who is alleged to have victimized any number of Paris merchants by passing worthless checks, and who was further "wanted" here on a charge of embezzlement and making way with an auto belonging to Mr. J. M. Scott.

While in Paris, Baker conducted a taxi cab business in a stand on Main street, between Seventh and Eighth streets. He also conducted a dry cleaning establishment on Fifth street, with the assistance of his wife, they apparently doing a thriving and prosperous business. Baker sold out his dry cleaning business, and being an expert auto mechanic, took a position with the Oakland Garage, later embarking in the taxi cab business.

About four months ago Baker is said to have purchased a National touring car from J. M. Scott for \$3,200, making several small payments. When Mr. Scott was away from his place of business Baker disappeared with the car, which he had purchased and another of the same make, valued at \$1,800. All trace of him was lost until Mrs. Baker wrote back from Louisville to the people with whom she resided in Paris, asking that her clothes be forwarded to her at Louisville. The Louisville authorities were notified and soon had Baker under arrest. The machine on which he had made the payments, had already been recovered by Mr. Scott, and the second machine had been sold to Magistrate Peake, of Louisville. Baker is said to be "wanted" in other towns, where he had left a string of worthless checks and unpaid accounts behind him.

Deputy Sheriff James Gibson, of Paris, was sent to Louisville to bring Baker here, but was headed off in Lexington, Sunday night, by a message from the Louisville authorities stating that they had decided to prosecute Baker on the charges brought against him there before turning him over to the Paris, Mt. Sterling, Lexington and Winchester authorities, where he is being "wanted."

NO!

We did not sell all our carried-over Boys' and Children's Suits last week. We did sell all the small sizes, 6, 7, 8, 9 and 10. However, we have an excellent lot of 11, 12, 13, 14, 15 and 16 years. If you have a boy of that age, better come in right away and get one or two. They are wonderful bargains as these prices, \$7.50, \$8.50 and \$10, worth more than double the price. A goodly lot of blue serges, which are hard to get at any price. All made by Sampeck, the highest grade boys' clothiers in America.

MAKE "UNCLE BILL" SCHOOLER NEW STATE PRINTER.

THE NEWS has information to the effect that W. F. ("Uncle Bill") Schooler, editor and publisher of the Somerset Commonwealth, and one of the best-known journalists in the State, will be a candidate before his party for the office of Public Printer. Personally, privately and otherwise, we say amen to "Uncle Bill's" candidacy, and commend it without hesitation.

A better-equipped man for the position could not be selected. Schooler has been in the printing business from his infancy, and has filled many important and responsible offices in the profession. He was for a long time in the Government Printing Office at Washington, and has spent the larger part of his life in the newspaper game in this and other States. He has given his time and talents unhesitatingly and without stint to the services of his party, and certainly deserves well at the hands of the powers that will be in control at Frankfort. His fitness for the position is unquestioned, and with him at the helm of the State print shop, the State will be the gainer in a business sense and the newspaper game will lose a good man, at least temporarily.

CHANGES IN BANKING JOBS

Mr. Thomas W. Allen, who has for years been a valued employee of the Bourbon-Agricultural Bank & Trust Co., acting in the capacity of Assistant Cashier, has resigned his position and will in the future devote his entire time to farming.

Mr. Allen has tendered his resignation to take effect on January 1. It is with great reluctance that the bank lets Mr. Allen go, as he was not only an efficient and faithful employee, but had a following of friends that always insisted on "Tom" waiting on them.

It is understood that Mr. Allen's position will be filled by Mr. Bernard Santen, who is an expert in his line, and has been associated for years with the First National Bank. Mr. Santen is quick, polite and capable and will fill the position with credit.

RELIGIOUS.

The nation-wide campaign for \$75,000,000 by the Baptist churches of the United States, preparations for which have been under way for several months, will start next Sunday, to continue through the first week in December.

Rev. Conner Brown, of Louisville, filled the pulpit of the Paris Presbyterian church at the morning service Sunday. At night the congregation attended the services at the Baptist church, to assist in welcoming the new pastor, Rev. Arthur Fox.

Rev. W. E. Ellis, who had just concluded a series of revival meetings in Columbus, Ohio, filled his pulpit at the Christian church, Sunday morning. At the evening service Rev. F. E. Smith, of the Board of Ministerial Relief, of Indianapolis, Ind., preached.

Union Services of the Protestant churches will be held at the Baptist church, Thanksgiving morning.

Rev. C. W. Grear, pastor of the Methodist church, will deliver the sermon. A special musical service will be rendered by the combined choirs of the churches.

Observe the day in the proper spirit by attending this special service.

—Next Sunday has been designated by the American Bible Society as "Universal Bible Sunday," and will be so observed by all the Protestant churches throughout the country. All ministers have been asked to preach that day on appropriate subjects, and special services will be held in the Sunday schools and by other religious organizations.

—Rev. Arthur Fox, of Hope, Ark., who recently accepted a call to the pastorate of the Paris Baptist church in this city, preached his first sermon to the congregation Sunday morning. Rex Fox is an eloquent and pleasant speaker, and had his hearers with him intently from the beginning to the end of his discourse.

At the prayer meeting service to-morrow night Rev. Fox will preach a special sermon, in which he will have something to say about his coming to Paris and why he is here.

SHANNON STOCK COMPANY OPENS WEEK'S ENGAGEMENT

The Shannon Stock Company, an organization of superior merit, opened last night at the Paris Grand for a week's engagement.

The bill for the evening's entertainment was a good one, being that

sterling old play, "Where The River Shannon Flows." The cast of characters was in good hands, each one deserving of special mention. The house was comfortably filled with an audience that appreciated and applauded all the good points in the play.

To-night the company will be seen in a comedy-drama, in four acts, entitled "The Powers That Be," a story that will please all classes of theatre-goers. Each member of the cast has an excellent part. New vaudeville will be introduced between the acts. The play affords the ladies an opportunity to wear some pretty gowns. One of the features of the engagement is the excellent music rendered by the ten-piece orchestra, which presents a program of popular and classical selections.

The bill for the entire week is as follows: Wednesday, Johnnie, Get Your Gun; Thursday, Matinee, "Thorns and Orange Blossoms;" Thursday night, "The Girl He Couldn't Buy;" Friday night, "Common Clay;" Saturday Matinee, "The Prodigal Daughter;" Saturday night, "The Millionaire's Son" and The Shop Girl." TOBACCO MARKETS

Snapp & Paton, of the Ruddles Mills vicinity, sold Friday to J. F. Young, of Paris, a small crop of about 3,000 pounds of tobacco for seventy-five cents a pound. This is so far a record sale of the crop in this county for immediate delivery.

"HOME-COOKED" GOOD THINGS FOR THANKSGIVING DINNER

Home-cooked cakes, pies, beaten biscuits, etc., for Thanksgiving dinner. Place order to-day as it will be too late after to-night. Also nice fat oysters, celery, cranberries, grape fruit and all kinds of green vegetables and fruits and grapes. Potatoes this week at 70 cents per peck.

SUGAR AND COAL STILL HARD HARD TO GET

The scarcity of sugar and coal on the local market is still the cause of considerable apprehension on the part of most housekeepers. Coal can only be had in small quantities, and not over one ton will be sold to any one customer. Some dealers are practically out of coal, while others refuse to sell and deliver more than a \$2 order at any time.

The sugar situation is also acute. The sweet stuff is being sold in very small quantities to customers. Many families are using substitutes for sugar in their households. Many of the groceries are entirely out of sugar, and their customers out of humor. There is no relief in sight for either.

AUTHORITIES ASKED TO SEARCH FOR MISSING GIRL

The Paris Police department and the county authorities have been requested by the Cincinnati Police Department to assist in the search for Emily Gump, a nine-year-old girl, who mysteriously disappeared from her home, No. 257 West Mc- Micken Avenue, in Cincinnati, over a week ago. It was reported to the Cincinnati authorities that the little girl, in a wagon in charge of two men, had been seen in Falmouth, their supposed destination being either Paris or Lexington.

The girl's mother stated that the little girl left home to go to an entertainment at the church, and has not been seen since. She was seen at the church, in company with two playmates. She was described as being rather small for her age, blue eyes and brown hair; wore a blue sailor-fashion dress; black tam-o'-shanter cap; black button shoes; brown coat and black stockings when she left home. Any information may be sent to Chief of Police Link, or to Sheriff Will G. McChlock, in this city.

THANKSGIVING DONATIONS FOR MASSIE HOSPITAL

Since the establishment of the Massie Memorial Hospital in this city it has been an annual custom for the people of the city and county to donate supplies for the pantry just before the Thanksgiving and Christmas holiday season. Their contributions have been the means of bringing good cheer to the "shut-ins" at the institution and demonstrated the truth of the old adage that "It is more blessed to give than to receive." Both work equally well in this case. The management of the Hospital makes the request for donations for Thanksgiving as usual.

Donations of potatoes, cabbage, four, meal, meats, canned goods, preserves, jellies and all kinds of edibles are asked. They will be sent if the donors will give their location, or they may be left at any store in Paris where they will be forwarded, if the Hospital is notified. Let us all give nice donations for this splendid institution. Every little gift will help greatly, and will help some unfortunate to realize the goodness of Thanksgiving. Donations may be sent direct to the Hospital, or left at the C. P. Cook & Co., Lavin & Connell or Logan Howard groceries, where they will be called for.

ALLIE JONES SELLS KING'S FANCY FOR \$4.500.

One of the best sales in recent years of a young stallion was consummated Saturday when Allie G. Jones, of North Middletown, sold to B. R. Pemberton, of Chicago, the three-year-old chestnut stallion, King's Fancy, for \$4,500.

King's Fancy won both the saddle and fine harness classes at the Kentucky State Fair, in 1918, as a two-year-old. He followed up these successes the past season by again landing these same classes and the three-year-old and under champion ship as well. He is by the peerless Bourbon King, and his dam Eudora, a high-class brood mare by Highland Denmark. He is a full brother to King's Rival, which Mr. Jones showed with great success as a two and three-year-old and later sold to the late Girard S. Parsons, of Hampton, N. J. He will probably make his first show for Mr. Pemberton at the International Livestock Show, to be held in Chicago, in December.

K. P'S WILL PRESENT A BIG VAUDEVILLE SHOW

Preparations are being made to present a big vaudeville show December 11, under the auspices of Rathbone Lodge No. 12, Knights of Pythias. The very best talent in Paris will take part, and a cast of some forty people will display their talents in a novel way.

The show is a victory vaudeville, opening with a snappy military minstrel which will include the best of black-face talent. The remainder of the performance will be a typical vaudeville program, full of dancing, music and sketches.

The K. P.'s will devote the proceeds to the Orphan's Home Fund, and the event promises to be the hit of the season.

FORMER PARISIAN FOUND DEAD IN FLORIDA

The funeral of Joseph A. Reynolds, aged fifty, formerly of Paris, who was found dead on the railroad track, near Lakeland, Florida, Thursday night, was held at the Church of the Annunciation, in this city, yesterday morning at nine o'clock. The burial followed in the Catholic Cemetery.

Mr. Reynolds was a son of the late Mr. and Mrs. John Reynolds, of Paris, and lived here until a few years ago, when he went West, locating in Kansas City, Mo., where he was engaged in business. It was not generally known that he had left Kansas City and the news of his death in the South came as a surprise to most people here who knew him.

The body was found lying near the railroad track by a track-walker, who notified the authorities. No one in Lakeland knew him, and the only method of establishing his identity was through an envelope found in his pocket, addressed to "J. A. Reynolds, Hawkinsville, Ga." The authorities communicated with Chief of Police Giles, at Hawkinsville, who, in turn, wired Chief of Police Reagan, at Lexington, requesting information as to relatives of the dead man. Traffic Officer McCarthy, of Lexington, recognized the description as fitting Joe Reynolds, of Paris, with whom he was well-acquainted, and called Reynolds' sister, Mrs. Edward Hutchinson, of Lexington, and his brother, Mr. Frank W. Sledd, at the same place. They will take possession this week.

Charles T. Eales, as agent for J. W. Larkin, formerly of Paris, sold his farm of 100 acres, together with the stock, crop, etc., at public sale. The farm sold for \$135 an acre, and was purchased by Frank Lair. The stock, etc., sold for good prices.

Mr. and Mrs. J. D. Yocom, of Ezell, Morgan county, have purchased the stock of goods of McDaniel, Caywood & Co., of North Middletown, and also the residence of Mr. Frank W. Sledd, at the same place. They will take possession this week.

The J. D. Booth farm of 245 acres, located on the Jacksonville pike, five miles from Paris, was offered at public sale Friday, and withdrawn after the bid of \$362.50 an acre had been reached. The sale was conducted by the real estate firm of Harris & Speakes, of this city, George D. Speakes auctioneer.

Ralph Greenbaum, of Paris, sold Saturday, through the D. R. Messick real estate agency, of Lexington, his farm of 132 acres, located in Bourbon county, to Miss Mattie Hampton, of Garrard county. Possession will be given on March 1, 1920. Mr. Greenbaum will move to Lexington after that date, where he is engaged in the automobile business.

Through the G. M. Thompson Real Estate Agency, of Millersburg, the two farms belonging to W. D. McIntyre, were sold recently. The Charles S. Jones farm, located at Blacks Cross Roads, containing 100 acres, was sold to John Mason, for \$22,500. The Leggett farm, located on the Jackstown pike, containing seventy-five acres, located on the Artery pike, near Millersburg, for \$19,000.

WE KNOW HOW—

Any Tailor Can Make Clothes; Only Master Tailors Can Make Our Smart Clothes!

A carpenter can make a piece of furniture that may look well and last a few years. But the furniture that we prize most, the pieces that have been handed down through generations as heirlooms, is the work of cabinet makers—men who knew wood, how to season and work it according to the grain, and how to join it so the joints would hold.

So good clothes are the product of good tailors—our Smart Clothes the product of the best tailors. Every operation, from the shrinking of the woolen to the fastening of the buttons, is the work of an artist in his special field—each doing his bit for the ultimate accomplishment of the perfect whole.

Our Smart Clothes inherit a tradition that has been handed down through generations of the same families working side by side in the shops, and the record of the grandfather is a constant incentive to the son and grandson.

May we explain to you personally the advantage there is in this for you?

THOSE WASTEFUL DAYS

BATTLE AGAINST TOBACCO IS REALLY ON.

American liberality, American open-handedness in the past has often meant little more than American waste. In the days gone by the waste of good food from an overstocked larder or the plentifully supplied table was looked upon as one of the incidents of house-keeping. Things have changed. The war brought its stern lesson when in response to the appeal of the government, for patriotic self-sacrifice housewives doled out their commodities with a sparing hand. The lesson was a hard one, but it was vastly

There is danger that in these days many will forget. There is danger of an easy subsidence to old wasteful habits, in spite of the high prices paid for the necessities of life.

There is no shame in thrift. The people of the United States can well take example from the age-old wisdom of European countries in this regard. The state of the housewife's purse should make no difference in guarding against waste. In these days when so much time and attention are given to household problems it should not be difficult for a housewife to obtain information to enable her to so order her affairs as to make good use of all the material purchased for household.

The thrift which the household can practise is the same thrift which the government is seeking to foster as a remedy for the high cost of living, and as a permanent American institution, through the sale of Treasury Savings Certificates and War Savings Stamps. No greater patriotic duty rested upon the housewife in the days when the fighting was on, than confronts her now in the time of economic stress.

The attempt to get a drastic anti-cigarette law for Oregon follows the revival of enforcement of the anti-cigarette law in North Dakota.

STATE FAIR LOSS \$3,100; CON-
SIDERED SMALL DEFICIT.

A report filed with the State Board of Agriculture by F. K. Kremer, Secretary, shows that the 1919 Kentucky State Fair was operated at a loss of \$3,100. The deficit is considered small when it is taken into consideration that the street car strike in Louisville kept enormous crowds from the fair and that the prize list amounted to \$32,000 more than in 1919. The prize list for 1919 aggregated \$110,000, which was an increase of \$72,000 over the 1915 fair.

Physicians Recommend It

Sold In Liquid and Tablet Form
The Name "Gude's" the Guide
to Genuine Pepto-Mangan

A serious illness, such as influenza or other infectious disease always leaves the body with low vitality, lack of strength, and impoverished blood.

Gude's Pepto-Mangan aids convalescents to a quick recovery, for it creates a generous supply of rich, red blood and restores the body to normal, healthy condition.

That's why physicians recommend Pepto-Mangan, for they know that it imparts to the blood the material so sorely needed by weak, run-down systems.

Palid, sallow, thin, easily-exhausted men and women find that Pepto-Mangan builds them up wonderfully. A new supply of rich, red blood is created, which in turn imparts the glow of health to the cheeks, increases the appetite, the eyes sparkle, the entire system takes a new lease on life.

Pepto-Mangan is obtainable in liquid or tablet form, whichever proves most convenient. Both forms possess identical medical qualities.

There is but one genuine Pepto-Mangan and that is "Gude's." Ask your druggist for "Gude's" and look for the name "Gude's" on the package. If it is not there, it is not Pepto-Mangan.

ONLY A COLD.

Are you ill? Is often answered— "Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. NEW TREATMENT THAT KNOCKS RHEUMATISM

75c Box Free To Any Sufferer

Up in Syracuse, N. Y., a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even in the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish.

The treatment first introduced by Mr. Delano is so good that its owner wants everybody that suffering from rheumatism or who has a friend so afflicted, to get a free 75c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 75c package free if you will just cut out this notice and send it with your name and address with 10c to help pay postage and distribution expenses to me personally."

BOURBON TOBACCO WAREHOUSE COMPANY

Having Received Positive Assurance From the Heads of the Big Companies
That Their Buyers will be on Hand, Announce Their Opening Sale for

WEDNESDAY, DECEMBER 3

TOBACCO RECEIVED ANY TIME AFTER NOVEMBER 15

COME TO THE OPENING AND SEE

OUR NEW HOUSE

Consider These Facts:

1. The Paris market sold 12,000,000 pounds of tobacco the past season for the highest average obtained on any market in Kentucky.
2. The Bourbon Tobacco Warehouse Company sold in their two houses more than 8,000,000 pounds of tobacco for the highest average on Paris market.
3. We now have three of the best and finest lighted houses in Kentucky.
4. Our Auctioneer, Mr. Wikoff, will be back. He is in a class by himself, as those who have heard him know.
5. We have the best starter in Kentucky.
6. This Company has held down the fees on the Paris market for seven years and will hold them down again this year in spite of the fact that we were strongly urged to raise them.
7. This means a saving of 30 cents per hundred on \$40 tobacco; a saving of 35 cents per hundred on \$50 tobacco and 40 cents per hundred on \$60 tobacco. Last season the lower fees saved the patrons of Paris market \$36,000.
8. We do not try to pinhook our customers, but do our best to give all the same treatment and the best information at our command at all times. Last season we advised everybody to hold tobacco until January 1st. We now want to inform you that tobacco is very, very high in North Carolina, and judging our market by that, as we have been able to do in the past, good bright tobacco will be very high in Kentucky. The apparent large per cent. of low grade tobacco in this crop has a tendency to make us apprehensive of lower prices for common tobacco, though we are glad to note a very considerable advance in low grades upon hogshead market in the past ten days.
9. It will pay you to put your tobacco over the floor. The speculator who offers to buy expects to make money and is probably better posted than you.
10. Take pains in stripping and sorting and let us sell your crop for the High Dollar.

**ASSISTANT LABOR INSPECTOR
WANTS TO RETAIN JOB**

**GETTING READY FOR MORROW'S
INAUGURATION.**

Although a member of a prominent Democratic family and holding office by appointment of a Democrat under the Stanley-Black administration, Miss Myrne B. Wagers, of Lexington, State Labor Inspector, will seek to retain her position under the incoming Republican administration on the ground of efficiency and merit.

Miss Wagers was appointed to her present position by her brother-in-law, Matt S. Cohen, State Commissioner of Agriculture, who has supervision of the labor bureau, shortly after he was inducted into office in January, 1916, and according to her friends has made a splendid record for efficiency, being particularly vigilant in her efforts to see that the child labor law was enforced. She is said to have strong endorsement from both Republicans and Democrats, and stated, when asked in regard to the matter, that, with these endorsements, and the consciousness that she has faithfully and efficiently performed her duty as a public official, she would seek reappointment from the new Commissioner of Agriculture, W. C. Hanna, of Shelby county, when the latter assumes the duties of his office in January.

She is so far the first Democratic official under the old regime who has indicated an intention to seek reappointment under the incoming Republican administration.

Mrs. Chas. McCord, S. Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's Drug Store, and I have found them a splendid medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills sufficient to cure me of the attack."

Although the inauguration of Governor-elect Edwin P. Morrow and Lieutenant Governor-elect Thruston Ballard will be strictly a Republican affair, Democrats have not been excluded by any means.

The Republicans have invited Mayor W. S. Roccon, Chief of Police Mangan, General W. P. D. Haly, Scott Thompson, President of the Chamber of Commerce; J. Swigart Taylor, John Noel, President of the Farmers' Deposit Bank; Circuit Judge Robert L. Stout and Major C. W. Longmire, all Democrats, to assist in the arrangements for the inauguration.

On account of the destruction of the largest hotel in Frankfort by fire two years ago it is feared that the impression might prevail that Frankfort cannot accommodate the large inauguration day crowd. If such an impression does prevail it must be corrected, as those in charge of the affair say, for there are ample accommodations in the hotels and private homes that will be thrown open to accommodate even much larger inauguration day crowds than visited in the past.

The Republicans expect the crowd this year to establish a new record in point of attendance.

Butts Lauds Trutona As Combatant
of Tired, Draggy, Rundown
Feeling

LOUISVILLE, KY., Nov. 24.—"Trutona has put my stomach in shape to digest the food I eat and I think it is truly a wonderful medicine—the kind a man needs when he has that common, tired, draggy, run-down feeling," C. A. Butts, 1423 East Washington street, Louisville, said recently.

"My system generally was in a run-down condition," he continued. "For the past 35 years I have worked in the foundry of the American Elevator and Machine Co., and I'd get so hot at my work that my system just naturally became run down."

"Realizing that I needed a good tonic that would build me up again and give me strength, I began using Trutona. I'm able to eat anything I want since taking Trutona, and I really enjoy the food, whereas before, I didn't enjoy any of my meals and consequently didn't get much good out of them. My bowels are acting regularly now, too. I can recommend Trutona more highly than any other medicine I've ever taken, and I'm glad to do so."

"Thousands of weakened and rundown men and women have found unhoped for relief through Trutona. Going straight to the seat of the trouble, Trutona quickly rebuilds worn-out tissues, creates a normal action of the stomach, liver and bowels and gives to the patient the long-sought-for strength of days gone by. As a body invigorant and system purifier Trutona is peerless.

Trutona, the perfect tonic, is now being introduced and explained in Paris at the Drug Store of G. S. Varden & Son.

Indications are that more hunting licenses will be sold in Kentucky this year than during any previous year. J. Quincy Ward, executive agent of the Fish and Game Commission, sends out annually to the County Clerks 50,000 license blanks. As a rule about 30,000 licenses are sold annually. This year the number sold will go over the 50,000 mark as ten counties have requested additional blanks.

The New Motor Car

The Greatest Improvement In Riding Comfort Since The Introduction of Pneumatic Tires

HERE is a brand new type of car. It solves the problem which has baffled automotive engineers—how to combine riding comfort with light weight and economy.

Our new Three-Point Cantilever Springs make this possible.

These are the first springs of their kind and they are made of chrome vanadium steel. They are exclusive with Overland.

Because of these springs, Overland 4 combines the riding qualities of large heavy, expensive, long wheelbase cars, together with the advantages and economy of small light cars.

With 100-inch wheelbase, Overland 4 has the luxurious riding ease of 130-inch Springbase.

The exclusive, Three-Point Cantilever Springs cushion the car so that it rides well on all roads: they reduce choppy rebounds and side swaying, protect the car from road shocks and prolong its life, minimize twisting or racking of frame and body, enable the car to hold the road better.

The car and passengers ride smoothly as though floating, free from road shocks that the springs ward off.

But this new riding comfort, possible only with these Three-Point Cantilever Springs, is but one of the advantages of Overland 4.

Its light weight makes possible great economy of gasoline and tires.

High quality materials insure durability. All vital parts of the

front axle and steering gear and all highly stressed gears and shafts for driving the car are made of alloy steel.

The equipment list of Overland 4 is high grade, including Auto-Lite Starter and Lighting System—Electric Horn—Marshall Divan Upholstery Springs—Demountable Rims—Three Speed Transmission—Slanting Rain Vision Windshield—Tillotson Carburetor—U. S. L. Batteries and many other high quality conveniences.

In every respect Overland 4 is a quality car. The body is all steel, all enamel, the brightest, hardest, most lasting finish.

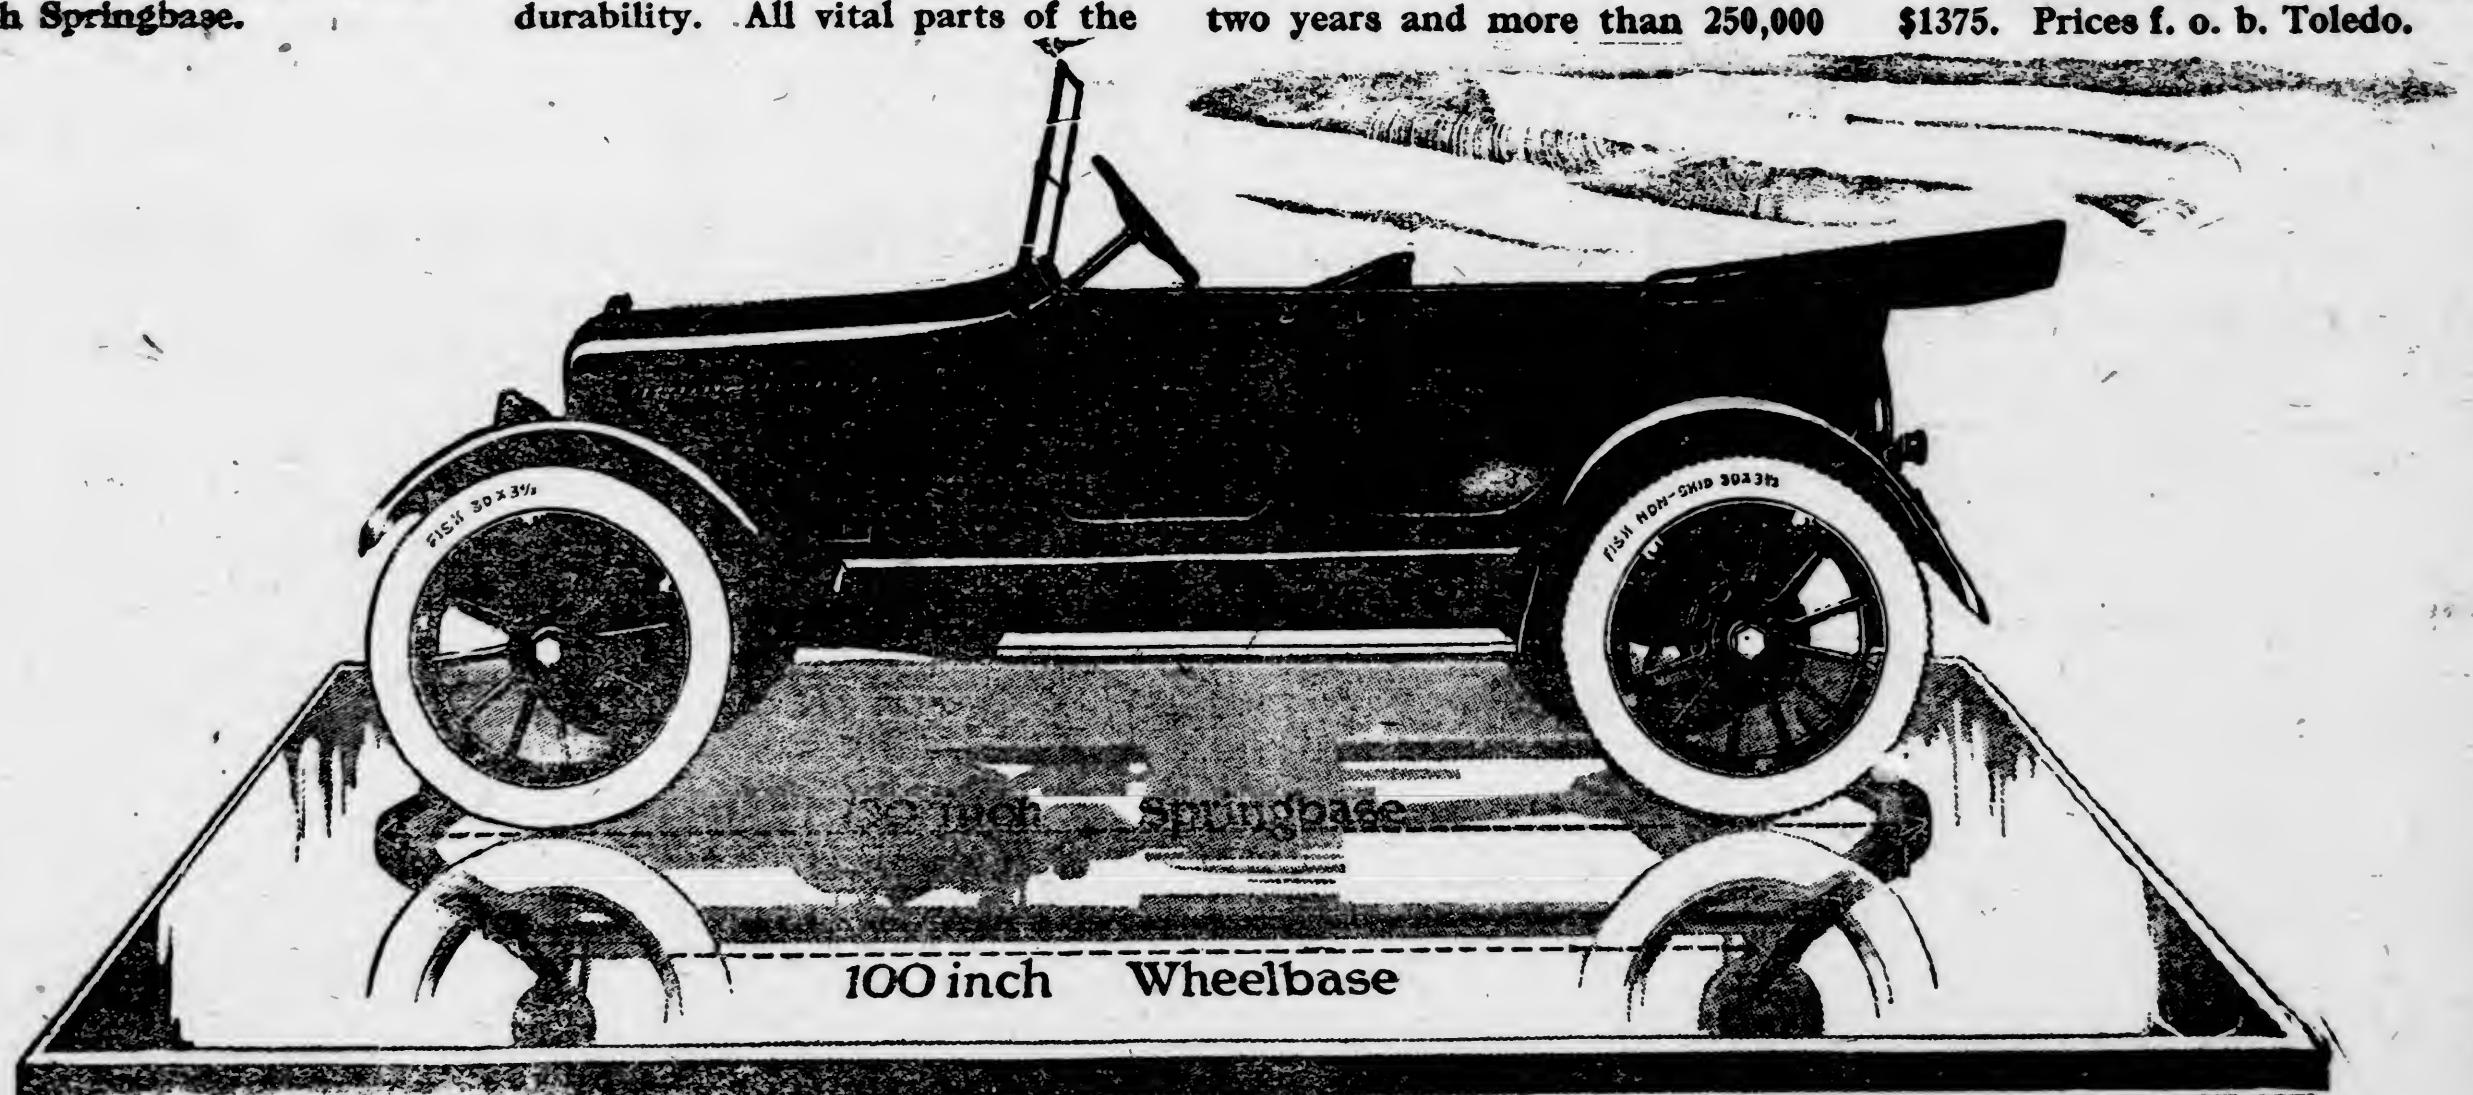

Overland 4 has been tested for two years and more than 250,000

miles over the Rocky Mountains, prairies, through deep mud and scorching deserts—through quick sharp climatic changes. As a result of these tests we were able to judge the car's performance under every condition and to perfect it before offering it to the public.

There is no previous car of any size or price to adequately compare with the character of service Overland 4 introduces.

The farther you ride in it the more you will appreciate it. Come in, see the car and ask for booklet. The demand will be greater than the supply for a long time.

Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

HAL MILLION SCOUTS TO ENJOY A BIRTHDAY

Most laxatives and cathartics afford only temporary relief and should be used only for that purpose. When you want permanent relief take Chamberlain's Tablets and be careful to observe the directions with each package. These tablets not only move the bowels, but improve the appetite and strengthen the digestion.

(adv-nov)

The National Council of the Boy Scouts of America is inaugurating the most extensive plans in the history of the Scout Movement for the celebration of the tenth birthday in February, the week of the 8th to the 14th.

In this plan opportunity is given for schools, churches and the press to appeal to every man, woman and child in America to live the scout

rule, "Do a Good Turn Daily," for that one week just as the Boy Scouts do throughout the year.

Word is coming from many sources that scoutmasters are already preparing the most entertaining and informative exhibitions, that arrangements more extensive than those of last year are being perfected by councils and troops for dinner festivities in which the fathers will participate, and many other indications point to the coming of a remarkable week of real scout service.

THIS MEANS YOU.

When you get up with a bad taste in your mouth, a dull, tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

The postoffice, banks and most of the business houses will be closed Thanksgiving Day.

The protracted meeting at the Christian church, which is being conducted by Elder W. C. Crouch, of Carlisle, will continue through next Sunday. Services every afternoon at 3, and evening at 7. Elder Crouch is drawing great crowds and preaching interesting sermons. There have been already some additions to the church.

The Thanksgiving services will be held Thursday at 10:30 a. m. at the Christian church, conducted by Elder W. P. Crouch, of Carlisle, who is now conducting a protracted meeting at that church. An interesting musical program will be rendered under the direction of Miss Mary Tuttle, of Springfield, O., who is in charge of the music during the protracted meeting.

Don't forget the Means-Anderson Company to-night, at M. C. Auditorium, at 8:00 o'clock. This opens the Lyceum course here, which is being conducted by the four churches, and should be well patronized. The Means-Anderson Company promises us a good program, and it is said that they have never been adversely criticised. Season tickets are on sale at \$2.00 each; general admission, 65 cents, the schools, 45 cents.

The funeral of Mrs. J. H. Collier, who died at Massie Memorial Hospital, Paris, last Wednesday, was conducted Friday at 2:00 p. m. from her late residence on North Main street, by her pastor, Rev. W. W. Morton, of the Presbyterian church. Mrs. Collier had been a long sufferer. She bore her afflictions bravely and without murmuring. She was a devoted member of the Presbyterian church since early womanhood, and was a student of the Bible. On the morning prior to her death, which took place in the afternoon, she realized the end was near, and talked beautifully to her husband, children and grand children. She lived for her family and friends, in the assurance that when the time came for her to give up her mortality for immortality, that the Lord would claim her for his own. There was never a more devoted family. The four sons were thoroughly devoted to their parents, and in the declining years of these good old people, these sons have done what they could to make life pleasant for them. The sons were the pall-bearers. The song service was very appropriate, and after the funeral service her remains were laid to rest on the family lot in the Millersburg Cemetery, beside those of her daughter-in-law, and a little three-year-old grand-daughter.
